

CALL FOR PAPERS

**04 - 06 JUNE 2025
BREMEN & ONLINE**

Dear System-Integrated Intelligence community,

The SysInt Conference, held biannually since 2012, is an international and interdisciplinary event that brings together academia and industry to explore the integration of intelligent functionalities into materials, components, and systems. It covers enabling technologies, methodologies, and advanced applications across fields like robotics, AI, and smart manufacturing. With a focus on fostering collaboration between foundational research and practical applications, the conference encourages contributions from diverse domains.

The 7th SysInt Conference will take place from 04 - 06 June 2025, at the ATLANTIC Hotel Universum Bremen (Germany) and Online.

Prof. Dr. Stefan Bosse,
Conference Chair,
University of Koblenz, Germany

Dr.-Ing. Dirk Lehmus
Conference Chair,
*Fraunhofer Institute for Manufacturing Technology and
Advanced Materials IFAM, Germany*

DGM E.V.: MASTERFUL CONFERENCE SINCE 1978

Since 1978, DGM e.V. has been organizing conferences with unique reliability and creativity, supported by state-of-the-art technology and individual event management.

TOPICS

- A. Artificial Intelligence**
- B. Pervasive and Ubiquitous Intelligence**
- C. Sensors and Sensing Systems**
- D. Smart Factory and Logistic Systems**
- E. Structural Health Monitoring**
- F. Soft Robotics**
- G. Human-Machine Interaction**
- H. Cognitive Systems**

You also have the opportunity to suggest your own topics for submission.

PROCEEDINGS

The proceedings of the 7th International Conference on System-Integrated Intelligence (SysInt 2025) will be published in **Procedia Computer Science (E-ISSN:1877-0509, indexed in Scopus, Web of Science)**, providing an excellent platform for international visibility and collaboration between academia and industry.

CONFERENCE VENUE

The ATLANTIC Hotel Universum Bremen is located in the innovative Technologiepark, right next to the University of Bremen and its institutes, offering opportunities for tours and research insights. Surrounded by the city's green spaces, it also provides leisure options and visits to the Universum® Bremen.

EXHIBITION & SPONSORING

The SysInt 2025 conference offers a prime opportunity for companies and institutions to showcase their innovations in system-integrated intelligence and smart technologies. Our exhibition space and tailored sponsorship packages provide valuable exposure to a global audience of researchers and industry leaders. Sponsors will benefit from enhanced visibility and networking opportunities throughout the event. If you're interested in exhibiting or sponsoring, please contact the conference organizers or the conference office. For more details, visit our [website](#).

KEY DATES & DEADLINES

- **December 2024:** Start of Submission
